

THE BRITISH COLUMBIAN.

No. 93, Vol. 5.

NEW WESTMINSTER, SATURDAY, OCTOBER 7, 1865.

Price 6d. or 12 cts

THIS JOURNAL is published every Wednesday and Saturday morning, and is delivered by Mail and Express to all parts of the Colonies, Washington Territory, Oregon, California, the Eastern Provinces and Great Britain.

The utmost care is taken to procure authentic information from all the mining districts of British Columbia, and every exertion made to obtain reliable statistics respecting the country generally.

The British Columbian.

NEW WESTMINSTER, SATURDAY, OCT. 7, 1865.
OUR SOUTHERN GOLD FIELDS.

Now that every cloud of doubt—even uncertainty, has been cleared away from our southern gold fields—now that their richness and extent have been fully established, it behooves the Government to be up and doing, so that there may be no mistake as to the particular channel through which the trade and immigration these mines are certain to attract next season will flow. It is now tolerably well understood that by the way of Kamloops we can reach the Columbia River, in the very centre of these immense gold fields, in five to six days' travel. The distance is computed at 277 miles from Yale, nearly one-half of which is an uninterrupted stretch of water, navigable for steamers of light draught, similar, in fact, to those at present plying on the Lower Fraser. So far as this route is concerned, the land portion of it will be open for traffic in the course of a few days, that portion below Savana's Ferry possessing a wagon road, and the Columbia River having a good pack trail, with easy gradients. We have said that the Columbia River can be reached in five or six days from Yale. The journey is now made in six days; but with a steamer plying between Savana's Ferry and "Ogdenville," the Columbia River could easily be reached in half that time. It will thus be seen that these mines are very much more accessible than those of Cariboo, and even more so than those now opening up in the Bridge River country. It will also be seen that with the advantage of steam power upon the magnificent stretch of water alluded to the question of American rivalry for the trade of that region must almost disappear. They may still dispute the trade of the Wild Horse Creek mines with us, in so far as the produce of the adjacent Territory is concerned; but more than that they cannot, with any show of success, hope to do. But, in order to assert and maintain our supremacy in that region, steam power on the Kamloops and Shuswap Lakes becomes a *sine qua non*. Without it we must lose much of the trade; with it we can easily secure the lion's share, at the very least. It is not only important, therefore, that a steamer should be placed upon the waters alluded to, but it is of the most vital importance that there shall be no delay in the matter. If we are not prepared to grasp the trade which will flow into these mines in the early spring our American neighbors will get the start of us, and it will be far more difficult to recover than it would be to retain it. The Hudson Bay Company have been talking for nearly two years past about placing a steamer upon that route; but, so far, the matter has assumed no more tangible form than talk. It was given out some months back that their steamer was actually being built; but it turns out that that, too, was only talk. Indeed the conviction appears to obtain now that the policy of that company is to make a show of doing something in the matter for the express purpose of making others do nothing. They enjoy the chief trade of that region now, and to place a steamer on the route would be to throw open the country to competition, a thing they hate as the Devil hates holy water. There is little doubt that, if such really be their policy, it has not altogether proved unsuccessful, as we feel satisfied that others have been deterred from undertaking the enterprise from an impression that the H. B. Co. were about to step in and do it. The question for us now to consider, and it is a serious one, is whether, if the matter is left in its present form, another season will not be sacrificed, and a valuable trade pass into the hands of our more enterprising neighbor. Our own fear is that it will; and we would, therefore, once more, ask the Government to give to a timely decision as to the expediency of offering some inducement for a steamer to be placed upon these lakes in time for the spring trade, subject to reasonable tariff rates for carrying freight and passengers. Were this done, in good season, mind, and the fact, together with the character of these mines and the great facilities for reaching them by this route, properly made known in California and elsewhere, the result could not fail to be most important and profitable to this colony. But if, on the other hand, we "grape on" and allow the trade once to settle in other

channels, all, or at least very much, will be lost to us. We commend this matter to the earnest consideration of the Government. A few thousand dollars would be well expended in securing steam communication between Savana's Ferry and "Ogdenville," in time to be available by, say, the 1st of April next.

PROSPECTUS OF THE BRITISH COLUMBIA COAL MINING COMPANY!

[LIMITED].

Incorporated under the Joint Stock Companies' Act, 1856, which limits the liability of each Shareholder to the amount of his Shares.

CAPITAL ----- \$100,000,
IN 2000 SHARES OF \$50 EACH, WITH POWER TO INCREASE.

100 A. SHARES have been issued as paid up shares to the promoters of the company, as the consideration paid them for their right to 600 acres of land, &c. The remaining 1900 A. shares are reserved for the general benefit of the company. 700 B. shares to be issued to subscribers, subject to payment of \$2 per share at the time of subscription, and of calls of \$1 per share, per month, until \$15 in all shall have been paid, when the subscribers shall be entitled to certificates of fully paid up stock. The remaining 1200 C. shares are reserved for issue at par when the Coal Mine is sufficiently explored and proved.

DIRECTORS:

CAPTAIN JAMES COOPER, Chairman;
Hon. J. A. R. HOMER, M.L.C.,
JOHN BOWEN, Esq.,
SIR W. P. MOODY, Esq.,
JOSEPH C. HUGHES, Esq.,
JOHN PICKAVANT CRAWFORD, Esq.

AUDITOR:

THOMAS MCKINCKY, Esq.

BANKERS:

THE BANK OF BRITISH COLUMBIA.

SECRETARY:

WILLIAM CLARKSON, Esq.

This company is organized for the purpose of exploring and mining for Coal, and for boring for Oil. The character of the sandstone at Burrard Inlet, its identity with the coal-bearing sandstone of Bellingham Bay and Nanaimo, and the numerous indications of Coal to be found at different places on the Inlet, and on English Bay, make it nearly certain that Coal measures similar to those of Bellingham Bay and Nanaimo will be found at a reasonable depth.

The company have secured a reserve of 600 acres on Coal Harbor, Burrard Inlet; also a right to mine on 600 acres on English Bay, giving to the company a coal field of 1200 acres in extent, and the British Columbia Government has pledged its support in every reasonable way.

It is the intention of the company to immediately put down a bore for Coal—the strong probability being that in less than 90 days the ground will have been prospected and the company ready to sink a shaft and open a mine.

If the Coal croppings at English Bay or Burrard Inlet should be succeeded, as is usually the case, by thicker seams below, it must become an invaluable property. The position of English Bay and Burrard Inlet renders the harbors easy of access in all winds and seasons. The shore is bold, so that no long wharves or tramways would be needed, while the prices of Coal on the Pacific—averaging from two to three times the prices on the Atlantic—render the prosecution of Coal mining one of the most promising enterprises of the day.

The whole of the B. shares are now offered for subscription. The monthly calls on these will be adequate to meet the current expenses of prospecting; the subscribers to these shares incur a small risk, but they get a compensation—a \$50 share for the small sum of fifteen dollars.

Parties desirous of obtaining shares may be furnished with every information by applying to the Secretary, at the company's office, in New Westminster.

The company have engaged Mr. John Dick, a practical coal miner of many years' experience both in Scotland and Vancouver Island, to prospect and examine the locality of English Bay and Burrard Inlet. The annexed is his report:—
"To the Board of Directors of the British Columbia Coal Mining Company, Limited.
GENTLEMEN,—After a careful examination of several square miles of the country lying to the southward of Burrard Inlet, I take pleasure in being able to state that, although owing to the general regularity and unbroken nature of the beds of strata there visible I have not been able to discover the outcroppings of any coal seam worthy of note, still there is every indication of the existence of such a seam at no great depth—say from 40 to 60 fathoms. Should my survey prove correct there is no doubt (judging from the very trifling angle of dip and its freedom from faults and other dislocations of strata) that the field will be quite equal in extent to any yet discovered on Vancouver Island.
For the purpose of further proving the quality of the Coal and its depth from the surface, I would recommend that a series of borings be commenced at such places as, after further deliberation, I shall be prepared to point out. I am, Gentlemen,
Your obedient servant, JOHN DICK.

The British Columbian.

NEW WESTMINSTER, SATURDAY, OCT. 7, 1865.

Notice—Moody & Vanbremer.

Good News from the Interior.

EXTENSIVE NEW DIGGINGS DISCOVERED.

Capt. Hennessy, who arrived from the interior yesterday, has kindly furnished us with the following information: Capt. Hennessy, who is an experienced miner, and is perfectly reliable, is one of a party of five who penetrated the country north-west of Williams Creek last summer, for the purpose of prospecting for new diggings. Two of the party, with the aid of a couple of Indians, were employed in packing provisions, &c., while the remaining three were engaged in prospecting. They did more or less prospecting upon seven different streams, upon all of which they found gold in paying quantities, but on none of which they went down to the bed-rock. The creek which they selected for permanent operations they named "Old Dominion," and upon it they commenced operations. They had not reached the bed-rock, but the ground paid at the rate of \$30 a day to the hand from the surface down to the blue stratum, a depth of 12 feet. This creek is about 90 miles north-east of Williams, and about 7 miles north-east of the creek upon which the Vaughn party are at work. Captain Hennessy and his party were anxious to obtain attracting notice until they had time to thoroughly test the ground and locate their claims; but in this they were defeated by the Government exploring party, sent out recently from Williams Creek, dropping into their camp. The party spent a day or two with them, and then proceeded on in a northerly direction, where it is surmised they have struck at least equally attractive diggings, as they had not returned to avail themselves of a proposal agreed to by Capt. Hennessy's party. Their provisions being exhausted Capt. H. and party came in to Williams Creek, recorded their claims and had them laid over till spring. It is the conviction of these parties that the country in question is the most extensive, and promises to prove the most remunerative gold fields they have yet seen in the colony, after three years' experience in Cariboo and other localities. The country lying between Williams Creek and these diggings is not rough, and it would be a comparatively easy task to make a good pack trail. The news caused a good deal of excitement on Williams Creek, and parties were going out in order to secure claims.

New Westminster Volunteer Rifle Corps Prize Meeting.

The first Prize Meeting of the New Westminster Volunteer Rifle Corps was held at their Butts, commencing on Thursday, and will terminate to-day. The day was ushered in with a murky sky, causing some apprehensions; but before noon the clouds passed away, and the day turned out to be a most propitious one for the occasion. The Corps came up to the Butts in good time, and shooting commenced shortly after 9 o'clock. The following is a list of the prizes shot for:—

FIRST PRIZE.

THE SILVER CHALLENGE CUP, presented by His Excellency the Governor. This cup to be held by the person making the highest score until the next Annual Prize Meeting, when it will be again competed for, and if carried off by the same person it will become his own property. Also a purse to be presented to the person making the second highest score.

SECOND PRIZE.

A CHALLENGE CUP, presented by His Honor A. N. Birch, Administrator of the Government, under similar conditions to the former. Also a purse to the person making the second highest score.

THIRD PRIZE.

THE LADIES PURSE, to be shot for by the Corps at 300 yards, eight rounds each, the person making the highest score taking the purse.

FOURTH PRIZE.

A SWEEPSTAKE of \$1 each, open to all comers, with any description of rifle, at 150, 200, 250 and 300 yards, five rounds per man at each distance.

It may be as well to state that the target used was 4 x 6 feet, the centre 2 x 2 feet, and the bull's eye 8 inches square; and the rifles were the Lancaster, or short Enfield, having a minimum pull of 6 lbs.

As will appear from the scores Corp. Wolfenden carried off the Governor's Challenge Cup in the first shooting; and the purse in the second, while he tied Private Butler for the Ladies' Purse, and in shooting off next day won it; while Private Butler won the Purse in the second shooting, and Private Franklin carried off the Hon. Mr. Birch's Challenge Cup. It will thus be seen that all the prizes shot for on the first day fell to ex-Royal Engineers, three out of the five prizes having been won by Corp. Wolfenden, and four out of the five having been carried off by printers. It will doubtless be observed, not without surprise, that some of the best shots in

previous contests made low scores on Thursday; and it will be no more than fair to these gentlemen to mention that some of them were out of practice for several months. Although in several instances good shooting was made, yet, as a whole, it fell rather below what we were led to expect. So far as the shooting for the Ladies' Purse was concerned it was gone hurriedly through with, and towards the close it was altogether too dark to distinguish the mark with any degree of accuracy.

The shooting for the Sweepstake was appointed to commence at 1 o'clock on Friday. In the evening the officers of the corps dined at Government House.

SECOND DAY.

At 1 o'clock on Friday those desirous of entering the lists for the Sweepstake presented themselves at the Butts, when firing commenced, and was kept up with great spirit until the "evening shades prevailed." On completion of the 250 yard range it was found to be too late to finish, and the 300 yard range was, accordingly, left to be shot to-day. After it is concluded the meeting will be wound up by shooting for a "Consolation Purse," from which, of course, the winners of prizes will be excluded.

Score of Shooting for the Governor's Cup.

The shooting was at 150, 200, 250 and 300 yard ranges, five rounds each.

Good News from Rock Creek.

From Mr. Pooley, who arrived from Osoyoos Lake yesterday, we learn that diggings, prospecting 30c. to the pan, have been struck on the South Fork of Rock Creek, above the crossing, and the men were busy getting out lumber for sluices. The news was brought in to Gold Commissioner Haynes, by parties who came to record their claims, and Mr. Haynes was preparing to visit the new diggings when Mr. Pooley left. The stream in question had not, we are informed, been prospected before.

ARRIVAL OF THE "RELiance."—This steamer, which has been for some time at Nanaimo undergoing a thorough course of repairs, arrived here on Thursday afternoon, in charge of Capt. Irving, the popular owner of the *Reliance* and *Onward*. The *Reliance* started out early on Thursday morning; but meeting heavy weather in the gulf she put back until the weather moderated, when she made a successful passage across. The *Reliance* will not replace the *Onward* for the present, but will be kept as a reserve, the latter boat being the more economical of the two.

ENGLISH ASSUMPTION.—For some years back a growing disposition has been evinced by Englishmen, and more especially by the English press, to ignore the articles of union between England and Scotland, in so far as respects the merging of the distinctive names of these two countries into the one national name of "Great Britain." Hence we frequently find such expressions as "the English flag," "the English army," "the English nation," &c., made use of. But it has been reserved to the *Dispatch*, a paper exquisitely English, to cap the climax of this sectional assumption, by speaking of this colony under the style of "English Columbia!"

SUDDEN DEATH FROM INTemperance.—One of the H. B. Co's packers, a French Canadian, retired to sleep on Thursday night at Hope in a state of extreme intoxication, and was found dead in his bed yesterday morning.

FROM VICTORIA.—The steamer *Otter*, Capt. Swanson, arrived from Victoria last night, with a considerable number of passengers, and 125 tons of freight.

BANKRUPTCY NOTICE.

In the County Court of British Columbia, holden at New Westminster, in Bankruptcy.

In re JOHN FARWELL WHITFORD, a Bankrupt.

WHEREAS A Petition of Adjudication of Bankruptcy, bearing date the 3rd day of October, 1865, has been duly filed by John Farwell Whitford, of Sapperton, near New Westminster, British Columbia, Saloon-keeper and Vintner, and he having been declared a Bankrupt, is hereby required to surrender himself to Charles Brew, Esq., Judge of the said court, for a first examination, on WEDNESDAY, the 18th day of OCTOBER, 1865, at Twelve o'clock, noon, precisely; at the Court-house, New Westminster, and make a full disclosure of his estate and effects, when and where the creditors are to come prepared to prove their debts, and to choose Assignees and examine the Bankrupt. All persons indebted to the said Bankrupt, or that have any of his effects, are not to pay or deliver the same but to Mr. HENRY V. EDMONDS, the Official Assignee whom the Judge has appointed and given notice to.

HENRY P. P. CREASE, Counsel for the Petitioner.

New Westminster Volunteer Corps.

AT THE conclusion of the Prize Meeting of the above Corps, to be held on Thursday and Friday, the 5th and 6th October, there will be a Sweepstake of \$1.00 each, open to all comers, with any description of Rifle, at ranges of 150, 200, 250 and 300 yards.

By Order of the Captain Commanding,

R. WOLFENDEN, Ensign and Adjutant.

New Westminster, Sept. 29th, 1865. sep 30

I trust the inhabitants of this city will appreciate my efforts in introducing good and cheap meat into this market.

My shop is situated on Front Street, next to F. G. Richard's Saloon.

Commodious stabling for Horses and Cattle by the day or month.

Oats and Barley always on hand, in quantities to suit.
JOHN DELANEY.
New Westminster, 28th Sept. 1865. sep 30

AUCTION!

I HAVE received instructions from Mr. James Kennedy to sell by Public Auction, on the 21st October next, the RAMPART FARM, containing One Hundred Acres. This beautifully situated property is so well known to all those residing in New Westminster that it is almost needless to say anything about it. It has a bearing Orchard of 250 choice Fruit Trees, enclosed with a seven-foot picket fence and a comfortable Frame House, with other improvements. It is situated on the bank of the Fraser, opposite New Westminster, and from its position alone, to say nothing about the value of a young bearing Orchard such as it contains, it is a desirable property. Terms, one-half cash, balance on the 1st day of October, 1866, with interest at 12 per cent. per annum.
WILLIAM CLARKSON, Auctioneer, &c.
New Westminster, Sept. 26, 1865. sep 30

Dissolution of Partnership.

THE UNDERSIGNED beg leave to inform the public that they have dissolved Partnership this day. All debts and demands owing the said firm will be collected by FREDERICK KAYE, who is authorised to receive and give receipts for the same, and all debts owing and contracted for and on account of the business of the said firm will be paid by the said Frederick Kaye. Dated at New Westminster this 8th day of September, A. D., 1865.
FREDERICK KAYE, WM. H. VIENNA.
Valentine Hall, Witness. sep 9

FURNITURE manufactured and repaired.

HAIR, Palm and Straw Mattresses, always on hand and manufactured to order.

A FINE ASSORTMENT of Gilt and Rosewood picture frame mouldings and looking-glass plate always on hand.

All sizes of Picture Frames manufactured in the best style, and at the shortest notice.

Also, a fine assortment of Willow-ware, Baskets and Cradles.

Any description of goods in the Furniture line, not in stock, can be supplied by direct from San Francisco. On hand and constantly receiving, a supply of splendid Square Pianos, manufactured by A. McPhail & Co., Boston.

sep 30

WANTED!

500 MEN to winter in New Westminster, not to make roads for the Government, but to come and spend their money with J. T. Scott, at the Pioneer Saloon, in playing Billiards, drinking good Whisky, and indulging in an occasional "Weed."

J. T. S. would intimate to his friends and the travelling public that he is again established on the old corner, where he will be happy to see all who will favor him with a call, as he has been at great expense in fitting up his Billiard Saloon, which is second to none in the Colony; and to keep pace with the times he has determined to reduce the price of Billiards to 12 cents per game. Best Wines and Liquors 12 cents. Segars, 25cts.

JOHN T. SCOTT.

New Westminster, September 21st, 1865. sep 23

NEW YORK, Sept. 25.—General Hancock, in a recent address to the Odd Fellows at Baltimore said "the power of the Government, as shown in the late contest is a star in our eschaton whose rays extend sufficiently to give light even to London and Paris. The Rio Grande is but a short distance in comparison. I firmly believe from my own knowledge of the country and experience therein that the Emperor of the French will be glad to vacate Mexico. If he is allowed time to do so with honor. We paid some millions to get that country after capturing its capital, and I think it will not cost France less than it cost us. Every day's delay will add to the expense without a chance of compensation, for it is as certain as fate that the continued occupation of that country by the foreign force which entered it in hostility to our interests and to our prejudice will lead to war! It is now time for us to cultivate the arts of peace and bind up the wounds of the late rebellion. We may defer the day of retribution until we are strong again without resting under the imputation of fear. The Emperor of the French went to Mexico when it was convenient for him. We can defer meeting him there until it is convenient for us; but it may not be desirable. In such case we shall have done enough in our day for the honor of our country's arms."

NEW YORK, Sept. 25.—The str. *Alabama* brings Charleston dates to the 22nd. Gov. Perry had issued a proclamation ordering commanders of sub-districts and all officers serving within the military district of Charleston to assist in organization of militia forces as a home institution to act under the orders of district and sub-district commanders at U. S. troops, for preservation of order and arrest of lawlessness. Each member of militia force is required to take the oath of allegiance to the United States, and shall bear a good character. The South Carolina Convention has refused to allow the negroes to form part of the basis of representation!

NEW YORK, Sept. 26.—An overland Camel Co. has been organized in this city with the object of importing to this country, and using upon the western plains next summer a large number of camels.

NEW YORK, Sept. 26.—By arrival of vessel at New London from the Arctic Ocean advices have been received from Capt. C. H. Hall, the explorer. He left the United States in 1864 under the patronage of Henry Grinnell. Hall's letters were expressed one hundred and fifty miles over ice on dog sleds till they reached the open sea. He has obtained much valuable information regarding the Franklin expedition. Hall expects to spend most of his time in Prince William Land and Boothia Peninsula, and wishes a vessel to be sent in the spring of 1867 to bring him home.

HALIFAX, Sept. 26.—The *Cuba* from Liverpool the 16th arrived. An extraordinary special meeting of the Atlantic Telegraph Company was held at London on the 14th. The directors presented a report setting forth the results of the late effort and their sanguine expectation for the future expressing a firm determination to press forward the work and announcing that they had already entered into contract for renewed operations. Under this contract the Telegraph Construction Co. undertake for the sum of £500,000

to manufacture and lay down a cable next year, if successful, but not otherwise. They are to have it in shares and a cash profit of 20 per cent. on this cost.

Upon invitation of Lord Terry, Lord-Lieutenant of County Cork, a meeting of more than 150 magistrates took place recently in Cork, to consider the security of the public peace as menaced by Fenian movements. The proceedings were private, but the *Cork Examiner* says they resulted in the unanimous adoption of a memorial to the Government praying for an increase of the police and military force of the country. The fact of a secret organization, dangerous to the public peace, is generally admitted. It was supposed the adoption of the proposed steps would be sufficient to maintain order. On Friday evening the 15th, in Dublin, a large force of police proceeded from the Castle to Parliament Street, where they divided in two parties, one at either end of the street, some detectives then knocked at the door of the paper called the *Irish People*, an alleged Fenian sheet, and were refused admission. The police then broke open the door and took possession of the press and premises and secured 12 or 15 prisoners who are said not to be compositors, and conveyed them to the Castle. The police then retained possession of the premises. The *Irish People* is a weekly journal and was about to be published that evening.

At the Quarterly meeting of the British Freeman Aid Society held at Bristol, C. C. Leigh of New York, the Rev. Dr. Storrs, of Kennikennick and the Rev. Dr. Samuel Martin, of the American Missionary Association attend, as a deputation from America. The *Times* American correspondent represents that the Fenians in America were collecting large funds, sending money to Ireland and spending money in America to aid the purchase of arms. The *Dublin Express* of this A. M., says after the arrest at the *Irish People* last night, orders were issued to the Irish platoons at the military barracks for men to be held in readiness in case of any attempt to resist by the populace. A police constable was also stationed in each telegraph office for the purpose of stopping any messages relating to Fenianism.

QUEENSTON, Sept. 17.—The Irish police continue to arrest Fenians. The number of prisoners is very large, among others is a person said to be a captain in the American army in whose possession documents and uniforms were found. On Sunday afternoon the prisoners, escorted by mounted police, were taken to Police Court to undergo examination. The result has not transpired. The mob heartily cheered the prisoners but made no attempt to rescue them.

The Privy Council is said to be sitting to determine what course the Government will take in the prosecution and sentence of arrested parties. Great excitement prevails in Dublin and arrests are being made in other parts of the country.

SECOND DISPATCH.

NEW YORK, Sept. 25.—The *Southern Advocate* of the 18th says the following extract, which has just been published, is from the late President Lincoln's letter to Gen. Wadsworth, who fell in the Battle of the Wilderness:—"You desire to know, in the event of our complete success in the field, the same being followed by a loyal and cheerful submission on the part of the South, if universal amnesty should not be accompanied with universal suffrage. Now, since you know my private views as to the terms that should be granted to the South in the contingency mentioned, I will here add, if on success in the field and submission of the people, I cannot tell if universal amnesty is granted, how, under the circumstances, we can avoid exacting in return universal suffrage, or at least a suffrage on a basis of intelligence and military service. How to better the condition of the colored race has long been a study which has altered my course, and through careful attention I think I am clear and decided as to the course I should pursue in case of the submission of the South."

At the meeting at Cooper Institute to-day, Thos. T. Lawrence presiding, resolutions were adopted denouncing democratic nominations and platform as wholly freeing them from any obligation to support the party ticket and proclaiming themselves for the "Constitution as it is," affirming that all Executive decrees in defence of rights of States are unconstitutional, null and void. The nomination of States Ticket is left to a committee of 30. 35 assembly districts are said to have been represented.

The *Herald's* correspondent at St. Albans, Vt., contradicts the report which has been generally circulated to the effect that the banks of that place had refunded to them by Canadian authority, all monies stolen on the 19th Oct., by rebel raiders. He says the total amount stolen was over \$210,000; of this only \$20,000 were returned by Canadians.

It is stated that Secretary Seward has made a demand on the British Government for restitution of the money on the ground that when the raid took place some of the Canadian officers were aware that it was contemplated and they assisted scoundrels in making their escape and threw all possible obstructions in the way of their arrest and punishment.

WASHINGTON, Sept. 25.—The Commissioners appointed to treat with the Western Indians at Fort Smith have concluded their labors and have been very successful. A dispatch from Gov. Holden, of N. C., dated Raleigh, Sept. 23rd says with reference to election of delegates to state convention which occurred on Thursday one half has been heard. The result is very gratifying.

NEW YORK, Sept. 25.—The *Herald's* Washington special says the President has approved of the change of route for the Pacific Railroad, west of Omaha, the company having accepted the condition that the grade should be reduced to 30 feet to the mile between the Missouri and Platte Valley.

ONONDAGA, N. Y., Sept. 25.—The propeller *Buckeye*, which left here on Saturday, struck a sunken rock near the cross of river and sunk in 70 feet water. Three passengers are known to be lost. As the boat went down 3 men were seen in the water under the stern and were also lost.

NEW YORK, Sept. 25.—The *Post's* special says train leaving Washington this A. M., for Richmond collided with another train near Alexandria and several persons were injured.

FARTHER POINT, 25.—The *Moravian* from Liverpool on 14th and Londonderry on the 15th, arrived. Political news important. Meeting of the Atlantic Telegraph Co. unanimously adopted the new contract made for the cable next year. The question of raising additional capital was postponed for another meeting on the 12th. The *Daily News* says no time will be lost in giving a check to Fenians. The Government programme will soon be announced. The difficulty in Prussia relating to the expulsion of Germans who had become American citizens, for not performing military duty, continues to excite attention in that country. The *Daily News* says the Fenian movement is confined to laborers, idlers, &c., but that no time should be lost in looking to it.

There will be no question on either side of the Irish Channel of putting down this movement; as a work of mercy it must be put down. There must be prompt careful and complete prevention. Repression of rebellion, whether weak or formidable. It would be a great mercy to Ireland if every Fenian leader were at once put on trial. The *Monitor* says the great powers have removed all difficulty relating to the treaty for the navigation of the Danube.

There was a great disturbance at the exhibition of the Davenport Bros., in Paris, they were loudly hissed, the police cleaned the room, and returned the entrance money.

The *Times* has an editorial strongly denouncing the continued depredations of the *Shenandoah*, sharing in the indignation of the Americans against her.

NASHVILLE, Sept. 27.—A gang of 30 or 40 guerrillas near Springfield yesterday commenced indiscriminate robberies and murders upon the residents of that locality. Thos. J. Payne was killed in his house, robbed, and his family outraged. At Adam station at the Kentucky road. They plundered everybody they caught.

NEW YORK, Sept. 27.—The *Herald* has a Dublin letter of the 14th which says a national excitement was produced in Ireland by reports of an invasion by armed bands of American citizens from the west and every day since the close of the harvest. In the last days of July and August there was much trouble. Musters are held in places almost inaccessible to the police and without their gatherings being discovered. Few arrests have been made. A frigate with some gunboats from Bombay lie on the south-west coast. The British forces on the Island might be numbered in the way of troops of line at heavy artillery, infantry, 95 regiments veterans, armed constables and police armed and drilled, 2,200. Sir Hugh Rose who succeeded Lord Clyde as commander-in-Chief of the English army in India has just taken command of Dublin Military District. It is hoped no doubt he will be as successful in the treatment of Fenians as he was in the case of the Sepoys. It will interest the Fenians in the United States to know this subject of their Government has been for some months before the counsel of the Sacred College in England, and that official letters received in Dublin state that the directions to the Arch-Bishops and Bishops and Clergy from the Holy Father are to let it alone, at least for the present.

NEW YORK, Sept. 27.—The *Tribune* has a letter from Matamoros, Aug. 30th, which says the success of Gen. Escarado encouraged the Liberals to fresh efforts. In the body of Liberals are officers of the U. S. and late confederate armies.

THIRD DISPATCH.

NEW YORK, Sept. 30.—News from Mexico states the expectation that Matamoros will soon be attacked. Some of the troops in it won't fight. The French in those parts do not number over 10,000 men. The handful of men could not aid Matamoros in case of an attack. The French gunboat *L'Admiral* has arrived.

SAN FRANCISCO, Oct. 3.—The bodies of Mrs. Gen. Wright and others arrived here yesterday. At Bay View Park the race between *Honesty* and *May Queen* was withdrawn in consequence of illness of driver. Eoff. *May Queen* walked around course in 246 and took half the purse \$400.

Greenbacks 73 1/2.
Coffee, 21 1/2.
Coal oil, \$1.60 @ \$1.65.
Flour, steady, extra \$6.25 and \$6.50, super. \$5.75 @ \$6.

Potatoes, sales choice, Humboldt, first of the season \$1.37 1/2.
Sugar, china 10 per, 100 lbs.

PORTLAND, Oct. 3.—The str. *Sierra Nevada* leaves San Francisco on Thursday, next at noon.

CANADA.—The Canadian Government was to have removed to Ottawa, the new capital, in September. The Government buildings, which have been erected at a cost of about six million dollars, were to be in readiness about the 20th September. On the 16th August, several members asked the Government what course they intended to adopt with respect to the Potter-Wood annexation letter and speech. Mr. Cartier replied that the matter was occupying the attention of the Government. The Hon. Geo. Brown and other ministers assailed Wood and Potter in the strongest terms. The suit of the Great Western Railroad of Canada against the Commercial Bank of Canada, involving \$200,000 has been decided against the bank. Another extensive fire occurred in Quebec on the 17th instant. Between 60 and 90 buildings were consumed.

FROM HOPE AND YALE.—The steamers *Onward* and *Lilloet* arrived from Hope and Yale yesterday, the former bringing 74 and the latter 36 passengers. Dietz & Nelson received expresses by both steamers.

FROM BIG BEND.—Several French Creek miners arrived yesterday, being obliged to leave for want of "grub." The miners on the creek held a meeting and passed a resolution to lay their claims over till the 1st June, with five days' grace, an arrangement which it is hoped will be respected by the Government.

FROM CARIBOO.—The news from Cariboo is unimportant, if we except the discovery of rich diggings in the hills on Williams Creek, where several companies were taking out excellent pay.

GOOD NEWS.—In order to meet the hard times, Mr. Bullock is now offering a very large selection of Clothing, Dry Goods, &c., at most reduced rates. We observed about a hundred Cheviot Tweed suits, worth from \$18 @ \$20 a suit, offered at \$11.75 and \$12.50 the suit; also a lot of pants from \$2 @ \$5 per pair. All wool Baltic Shirts at \$2. The assortment of ladies' apparel is most complete and *recherche*. We advise our friends to call and inspect for themselves.

COMFORTING REFLECTION.—In these Apocalyptic days, when Thrones are tottering and Kingdoms crumbling to dust—when the "Beast" is lifting its seven heads and ten horns in Europe, and wagging its "Fenian" tail in America—when Victoria is "caving in" and Cariboo is "played out," it is a comforting reflection that goods are prettier and cheaper than ever at J. S. Clute's.

A GOOD ASSORTMENT of Church of England Prayer Books and Church Services, Roman Catholic Prayer Books, Wesleyan Hymn and Presbyterian Psalm Books, just received at Clarkson & Company's.

Imports.

Per schooner *Wester*, Mills, from San Francisco. Consignee, W. H. Woodcock: 464 sacks wheat; 400 bushels oats; 250 bushels potatoes; 4 tons hay; 30 dozen eggs; 1 bbl. apples; 1 box do.; 10 pieces castings for steamer *Lilloet*. Value of cargo, \$2,000.

\$1,000 REWARD!

WHEREAS, on the 6th day of May, instant, JOHN
D. B. OGILVY, Esq., Deputy Collector of Customs
and Indian Agent, was wilfully murdered on board
the schooner "LANGLEY" at Bentinck Arm.
One Thousand Dollars is hereby offered for the ap-
prehension of

ANTOINE LUCANAGE,

commonly known on the coast as "Antoine," who is
accused of the murder of the said J. D. B. OGILVY.
The reward will be paid to any person handing over
the said "Antoine" to any Police authority of the
Colony of British Columbia.

By His Excellency's command,
C. BREW,
Chief Inspector of Police.

New Westminster, 20th May, 1865.

DESCRIPTION OF "ANTOINE."

Height about 5ft. 10in., very thin, pitted with the
small-pox, light hair and eyes, about 35 years of age,
stoops slightly when walking, speaks English well,
slight foreign accent, slight moustache and whiskers.

NOTICE TO MARINERS

FRASER RIVER.

ALL previous notices issued by the Harbour Master
of British Columbia, having reference to the Sand
Heads of Fraser River, are hereby repealed.
The following directions are published for general
information:

The Beacons carried away since last fall have been
re-constructed, excepting the South Sand Head No. 1,
and the following alterations and additions made. The
Light Ship now building will be placed near to the
South Sand Head, being substituted for No. 1 Beacon:
The Beacons are formed with clusters of piles, each
Beacon having a distinguishing feature at the top of
the piles, and being numbered consecutively from 2 to
10, irrespective of the Crib on the North Sand Head.

No. 2. BEACON, NORTH SAND HEAD.—Placed in 1 foot
at low water, 4 cable from the buoy in a N. W. direc-
tion, showing from a southerly bearing a black di-
amond elevated on a pole 16 feet above the top of the
piles.

A 1 of a cable distant from No. 2 Beacon, farther on
the Sand, is a loaded crib in an incomplete state at
present; at high water spring tides it is awash, but at
low water it looks like the hull of a small vessel. A
pole 20 feet long with a black lantern at the top point
to the Channel is erected to it. A permanent Sand
Mark will be built upon it in the course of a few months,
of which due notice shall be given.

No. 3. BEACON, NORTH SAND.—In 6 feet at low water,
shows black and white horizontal stripes both on the
pole and beacon, and is situated about half-way be-
tween chequered and black buoys.

No. 4. BEACON, NORTH SAND.—A cable's length from
No. 3, in 1 foot at low water, this Beacon is white,
having a St. Andrew's cross on a pole as above de-
scribed in No. 7. As these Beacons, No. 7 and 8, are
intended as marks for crossing the Bar, they are here-
after alluded to as the Beacons. This Beacon (No. 8)
is not to be regarded in any way except to lead Vessels
over the Bar in the deepest water. For Vessels of
large draught the 3 Beacons will be found invaluable,
as by taking care to "port" sufficiently soon, after
passing the black top buoy, so as to cross when in 12
feet, they will lead over the Bar, carrying from 19 to
22 feet at high water Spring Tides. In all other parts
of the Channel much deeper water will be found. After
the red top Beacon is brought in a line with the
white Beacon (No. 6), the red top buoy may be with
safety rounded, then steer in direction for the white
buoy, and from thence to the Ball Beacon on Garry
Point.

No. 5. BEACON, NORTH SAND.—On the spit 1 1/2 cable
from red top buoy (placed in 5 feet at low water), this
beacon is remarkable from its leaning position, and is
beacon is distinguished by the red oak on a white pole
above the piles, the tops of which are also white.

No. 6. BEACON, NORTH SAND.—A cable distant from
white buoy in a Westerly direction, is placed in 7 feet
at low water. On the top of the pole is a white tri-
angle, the apex of which is on the lower part of the pole.
This beacon forms a conspicuous object and must be
approached, as it will guide Vessels in the Channel
when entering and leaving the River. The beacon is
all white.

No. 7. BEACON, SOUTH SAND.—Is a black beacon
placed in 6 feet at low water, having a St. Andrew's
cross elevated on a pole 16 feet above the piles.

No. 8. BEACON, SOUTH SAND.—A cable's length from
No. 7, in 1 foot at low water, this Beacon is white,
having a St. Andrew's cross on a pole as above de-
scribed in No. 7. As these Beacons, No. 7 and 8, are
intended as marks for crossing the Bar, they are here-
after alluded to as the Beacons. This Beacon (No. 8)
is not to be regarded in any way except to lead Vessels
over the Bar in the deepest water. For Vessels of
large draught the 3 Beacons will be found invaluable,
as by taking care to "port" sufficiently soon, after
passing the black top buoy, so as to cross when in 12
feet, they will lead over the Bar, carrying from 19 to
22 feet at high water Spring Tides. In all other parts
of the Channel much deeper water will be found. After
the red top Beacon is brought in a line with the
white Beacon (No. 6), the red top buoy may be with
safety rounded, then steer in direction for the white
buoy, and from thence to the Ball Beacon on Garry
Point.

No. 9. BEACON, SOUTH SAND.—On the edge of the
bank, placed in 1 foot at low water, is nearest to the
Mouth of the River, and distinguished by a black pole
having at the top two black bands on two sides of the
pole horizontal with each other. The tops of the piles
are also black.

No. 10. BEACON.—Is a land mark placed on Garry
Point to indicate the Mouth of the River, which shows
from every direction a large White Ball. The braces,
6 feet of the pole, and the tops of the piles are black.

The lower part of the Beacon is white-washed.

All buoys on the North Sand, after entering the
Channel with Vessels of large draught, should be passed
close on the "port" hand. Caution is hereby given that
the Beacons constructed on the Sand Heads are not
intended as marks for the Navigable waters of the
Channel but to indicate the locality of the several
buoys.

The old white buoy has been removed and a red spar
buoy placed on the spit of the middle Sand inside Gar-
ry Point, in 12 feet at low water, which must be past
by Vessels entering the River on the starboard hand.

By following the above directions Mariners will find
the Channel well and clearly defined, and with ordinary
care a perfect stranger may navigate his Vessel with
safety into Fraser River.

THE INVALID'S FRIEND.

HOLLOWAY'S PILLS.

Nervous Disorders.
What is more fearful than a breaking down of the
nervous system? To be excitable or nervous in a small
degree is most distressing, for where can a remedy be
found? Here is one—Drink but little wine, beer or
spirits, or far better, abstain from them altogether; do
not take coffee—weak tea is preferable; get all the
fresh air you can; take three or four of these Pills
every night; eat plenty of solids, and avoid the use of
slops. If these golden rules are followed, you will be
happy in mind, strong in body, and forget you have
any nerves.

Mothers and Daughters.
If there is one thing more than another for which
these Pills are so famous, it is their purifying properties,
especially their power of cleansing the blood from all
impurities, and removing dangerous, and removing sus-
pended secretions. Universally adopted as the one
grand remedy for female complaints, these Pills never
fail, never weaken the system, and always bring about
what is required.

Disorders of the Kidneys.
In all diseases affecting these organs, whether they
secrete too much or too little water; or whether they
be afflicted with stone or gravel, or with aches and pains
settled in the loins over the region of the kidneys, these
Pills should be taken according to the printed direc-
tions, and the Ointment should be well rubbed into the
small of the back at bed time. This treatment will give
almost immediate relief after all other means have failed.

The Stomach out of Order.
No medicine will so effectually improve the tone of
the stomach as these Pills; they remove all acidity, oc-
casioned either by intemperance or improper diet. They
reach the liver, and reduce it to a healthy action; they
are wonderfully efficacious in cases of spasms—in fact
they never fail in curing all disorders of liver & stomach.

Bronchitis, Diphtheria, Coughs, Colds.
No diseases are more frequent, few more dangerous,
than affections of the respiratory organs. The first
symptoms of disordered action may always be removed
by Holloway's renowned Pills. They quickly remedy
any temporary stagnation of blood, relieve any over-
gorged veins, moderate the hurried breathing and enable
the windpipe and lungs to perform their functions with
ease and regularity. These Pills, by their purifying
powers, cleanse the blood from all impurities, and thus
fortify the system against consumption, asthma, and
other pulmonary complaints.

Debilitated Constitutions.
In cases of debility, languor and nervousness, gra-
tified by excess of any kind, whether mental or phys-
ical, the effect of these Pills is in the highest degree
bracing, renovating and restorative. They drive from
the system the morbid cause of disease, re-establish
the digestion, regulate all the secretions, brace the
nervous system, raise the patient's spirits, and bring back
the frame to its pristine health and vigor.

**Biliousness, Loss of Appetite, Head-
ache and Lowness of Spirits.**
These Pills effect a truly wonderful change in debili-
tated constitutions as they create a healthy appetite,
correct indigestion, remove excess of bile, and over-
come giddiness, headache, and palpitation of the heart.

*Holloway's Pills are the best remedy known in the world
for the following diseases:*

Ague	Fever	Retention of Urine
Asthma	Intermittent	Scrophulous, or King's
Bilious Complaints	Kindred	Scrophulous
Blotches on the skin	Kindred	Scrophulous
Bowel Complaints	Kindred	Scrophulous
Colic	Kindred	Scrophulous
Constipation of the bowels	Kindred	Scrophulous
Consumption	Kindred	Scrophulous
Debility	Kindred	Scrophulous
Dysentery	Kindred	Scrophulous
Erysipelas	Kindred	Scrophulous

Sold at the establishment of Professor Holloway,
244, Strand, (near Temple Bar) London; also by all
respectable Druggists and Dealers in medicines through-
out the civilized world, at the following prices:—1/4,
1/2, 2s, 3s, 4s, 6d, 1s, 2s, 3s, 4s, 6d, 1s, 2s, 3s, 4s, 6d,
&c. There is a considerable saving by taking the
larger sizes.

N. B.—Directions for the guidance of patients in
every disorder are affixed to each box.
